**GP:** Dr. Sarah Johnson, Oakwood Medical Practice

**Appointment Details:**

**Date of Appointment:** 5th December 2023

**Type of Appointment:** Cardiology Consultation

**Consultant:** Dr. Laura Patel

**Specialty:** Cardiology

**Location:** Oakwood Medical Practice, Cardiology Clinic

**Summary of Consultation:**

Mr. Johnathan Smith was referred to the Cardiology Clinic following a recent episode of chest pain, which he described as a sharp pain in the left side of the chest, occurring intermittently for the last week. He has a family history of heart disease and is currently managing hypertension.

**Clinical Findings and Investigations:**

- **Chest Pain:** Mr. Smith describes the pain as non-radiating and lasting for about 5 minutes. The pain occurs after exertion and has no associated shortness of breath or nausea.
- **Blood Pressure:** 145/90 mmHg, which is consistent with his history of hypertension.
- **Electrocardiogram (ECG):** Normal sinus rhythm with no signs of acute ischemia.

**Plan and Recommendations:**

1. Referral for a stress test to assess cardiovascular fitness.
2. Continue current antihypertensive medication.
3. Monitor for any worsening of symptoms and seek immediate medical attention if chest pain becomes severe or associated with other symptoms.
4. Follow-up appointment in 4 weeks for review of stress test results.

Should you have any further questions or concerns, please do not hesitate to contact the clinic.

Yours sincerely,

Dr. Laura Patel
